## BOAT OF THE SHOW

### *Top Award Winner*

### NINETEEN SEVENTY TWO

# CONTESSA

This is the new "CONTESSA" - 32 feet long, spacious, fast, comfortable and easy to handle.

Developed from experience gained from the very successful "CONTESSA 26", it is well equipped with six foot headroom, six berths, roomy galley, sensible chart table, separate W.C. and wash basin, generous locker space, comfortable safe cockpit and deck fitted out with up-to-date equipment. A winner in every way.

Her good looks are striking and her lines are modern without being extreme. She has a skeg rudder and a lead keel.

Moulded under Lloyds supervision, well constructed and designed both for good cruising and racing by David Sadler - the designer of the "26".

An investment of which to be proud.
